Subject: Urgent report on systemic human rights violations, recurring torture, and extrajudicial executions by security forces in Madagascar

Dear High Commissioner,

We, the members of the **Debout pour la Justice** collective, respectfully bring to your urgent attention the alarming resurgence and systemic nature of grave human rights violations committed by law enforcement agencies in Madagascar, within a climate of total impunity.

Our observations and the testimonies gathered highlight a pattern of tragic events that demonstrate a structural failure to protect the right to life and the absolute prohibition of torture:

- **September 2025 (Diego Suarez):** Three (3) young men were shot dead by security forces. To date, no serious investigation has been conducted, and these crimes have faced no administrative or judicial consequences.
- **April 2026 (Antalaha):** A young man was fatally shot by members of the Gendarmerie. Concurrently, a young girl was the victim of an alleged rape involving security forces.

- **May 5, 2026 (Ambanja Case):** An 18-year-old man, Zidane, was arrested by the police. While in custody, he was subjected to blatant acts of torture before being fatally shot inside the detention facility.

These repeated acts constitute major violations of the **International Covenant on Civil and Political Rights (ICCPR)** and the **Convention against Torture (CAT)**, both ratified by the Malagasy State. The systematic lack of sanctions encourages the perpetuation of these extrajudicial killings.

In view of this emergency, we respectfully urge your Office to:

- **Call upon the Malagasy authorities** to initiate immediate, independent, and impartial investigations into each of these cases, in accordance with the *Minnesota Protocol* on the Investigation of Potentially Unlawful Death;
- **Dispatch an observation mission** or mandate the relevant Special Rapporteurs to assess the situation of police violence in Madagascar;
- **Engage the Government** regarding the systemic impunity enjoyed by the perpetrators of these crimes;
- **Ensure the protection** of the victims' families and witnesses against potential reprisals.

We remain at your full disposal to provide supporting evidence, testimonies, and further documentation.

Please accept, High Commissioner, the assurances of our highest consideration.

For the Debout pour la Justice Collective,

Dr. MAMILAZA Novario, President

Mr. ANDRIAMANESY Brian, General Secretary
